Below this is a table with columns 'Name' and 'Version'. The table lists several items, with the first four selected (checked): 'Dependencies', 'Eclipse Data Tools', 'Eclipse Data Tools - Enablement', and 'Eclipse Data Tools - Sources'. These four items are highlighted with a red box. Below the table, it says '6 items selected'. At the bottom, there are checkboxes for 'Show only the latest versions of available software', 'Group items by category', 'Show only software applicable to target environment', 'Contact all update sites during install to find required software', 'Hide items that are already installed', and 'What is already installed?'.
